

## English

Students are learning about imaginative literary texts. They will engage with a variety of stories for enjoyment, analysis, sharing and adaption.

## Maths

Students are furthering their number understanding. They are also learning to conduct a statistical investigation by posing questions, collecting and analysing data. Students will also be learning about maps for positioning and grid references. Yr 4s will learn about symmetry too.

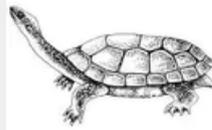

## HASS

Students are investigating factors that shape identity. They are also learning about laws, exploring, causes and effects.

## Technologies

Students are learning to collect and manipulate data then turn it into information. They are learning how to create a digital solution to address a community situation.

# RINDI

# CURRICULUM CONNECTIONS

## TERM 1, 2026

## The Arts

Students are learning to compose, perform and respond to music by exploring the ways music can represent characters and movement.

## Health & Physical Education

In Health, students are learning about identity and strategies to manage emotional change.

In PE, students are learning skills for volleyball.

## What is your child learning?

**This document has been produced to increase communication between school and home.**

## Science

Students are learning to describe how natural processes and human activity change the Earth's surface. They are also investigating erosion by recording and explaining.
