

**WESTERN CAPE
COLLEGE**

Curriculum Connections

YEAR 3 TERM 2

2025

What is your child learning?

This document has been produced to increase communication between school and home.

ENGLISH

Students will learn about informative texts and practice their speaking, listening and interaction skills.

MATHS

Students will learn how to explore numbers through algorithms and patterning including unknown values in addition and subtraction number sentences. They will learn to estimate, use formal units of time to measure durations and represent money values in different ways.

SCIENCE

Students will learn about Earth's resources and their observable properties. Students will also learn to communicate their knowledge using scientific vocabulary and identify solutions with a scientific base.

HASS

Students will continue to learn about the significance of ANZAC Day.

THE ARTS

Students will respond to, choreograph and perform dance by presenting ideas and stories about animals and the environment.

HEALTH & PE

Students will learn to interpret health information to apply strategies to enhance their own and others' wellbeing. They will apply the fundamental skills of athletics to individual and team challenges. Please note an error in Term 1 Curriculum Connections –students learnt skills for netball not hockey.

TECHNOLOGIES

Students will continue exploring elements of Design and Digital Technologies. They will use PowerPoint, as well as Minecraft Education and practice coding.
