

**WESTERN CAPE  
COLLEGE**

# Curriculum Connections

YEAR 4 TERM 2

2025

What is your child learning?

This document has been produced to increase communication between school and home.

## **ENGLISH**

Students will learn to share and extend ideas, opinions and information about short films and deliver a film critique as a spoken presentation.

## **MATHS**

Students will learn how to use their fact proficiency to complete algorithms efficiently and ensure reasonableness. They will also learn how to find unknown values in numerical equations, how to conduct statistical investigations and evaluate differing types of data.

## **SCIENCE**

Students will learn how to identify the roles of different organisms and construct food chains. They will continue to learn more about how to communicate in a scientific way for audience and purpose.

## **HASS**

Students will continue their work from Term 1 around using grid references on maps, understanding similarities and differences of different environments and interpreting data to describe patterns. They will also explore briefly local government and sustainability.

## **THE ARTS**

Students will respond to, choreograph and perform dance by presenting

## **HEALTH & PE**

Students will learn to interpret health information to apply strategies to

## **TECHNOLOGIES**

Students will continue exploring elements of Design and Digital Techno
