

# YEAR 2: CURRICULUM CONNECTIONS

TERM 1, 2026

## WHAT IS YOUR CHILD LEARNING?

*This document has been produced to increase communication between school and home.*

### ENGLISH

Students will learn about persuasive writing and expressing an opinion while developing skills in presenting and interacting.

### MATHS

Students will learn about fractions, number patterns and data by exploring equal parts, recognising and completing patterns, collecting and displaying information using simple graphs and tables.

### SCIENCE

Students will learn how to identify ways to change materials without changing the composition. They will work and communicate scientifically to make predictions, pose questions and record their observations from investigations.

### HASS

Students will explore the location and significant features of places. They will consider how people are connected to these and why they should be preserved.

### TECHNOLOGIES

Students will explore elements of Technologies. They will use Scratch Junior to learn introductory coding and branching skills.

### HEALTH AND PHYSICAL EDUCATION

Students will learn about personal qualities that contribute to identity and how emotional responses affect their own and others wellbeing. Students will learn fundamental movement skills and fair play through throwing, catching, dodging and blocking in minor games.

### THE ARTS

Students will explore stories as stimulus for music making and responding.
