

CURRICULUM CONNECTIONS

Year 3

WESTERN CAPE
COLLEGE

TERM 1, 2025

What is your child learning?

This document has been produced to increase communication between school and home.

ENGLISH

Students will learn to examine and create persuasive letters. They will examine the structure, language features, vocabulary and literary devices of persuasive texts.

MATHEMATICS

Students will learn to work with numbers beyond 10 000 and investigate 3D objects for key features. They will explore maps of familiar environments and conduct statistical investigations involving differing types of data and compare results.

SCIENCE

Students will learn how to group and compare living and non-living things for a variety of life cycles. They will learn to use scientific vocabulary when communicating ideas and findings.

HUMANITIES AND SOCIAL SCIENCES (HASS)

Students will investigate the significance of ANZAC Day commemorations for different groups, aspects that have changed and remained the same over time as well as how and why people participate and contribute.

TECHNOLOGIES

Students will be exploring elements of Design and Digital Technologies. They will use Microsoft Word and PowerPoint, as well as Minecraft Education and practice coding using Edison Robots.

THE ARTS (MUSIC)

Students will compose, perform and respond to music of celebrations and commemorations.

HEALTH AND PHYSICAL EDUCATION (HPE)

Students will apply skills and strategies to interact respectfully with others and enhance their own and others relationships. Students will learn fundamental skills of field hockey, including passing, trapping, dribbling, and shooting.
